

FIRMFIT DISPOSABLE

OVERVIEW

Product Type	Hearing Protection
Range	Earplugs
Line	Disposable Earplugs
Product Use	Earplug
Brand	Howard Leight by Honeywell
Industry	Agriculture • Army - Defence • Automotive and Part Manufacturer • Aviation • Building and Construction • Chemical Industries • General Industry • Maintenance • Mining and Quarrying • Printing Industries • Ship Building • Textile Industries • Transportation • Utilities • Welding • Wood Industries

FEATURES

Extensive research into earplug preferences revealed that some workers prefer a firm foam earplug. They gain a sense of security from feeling the earplug in their ear. And while they like knowing the earplug is there, workers want greater comfort. Independent tests reveal that FirmFit outperforms the leading classic-style earplug, providing workers with a more comfortable option.

BENEFITS

Longer wear time comfort: More protection. Greater compliance. Greater Protection: SNR 30dB provides excellent protection in most medium-to-high noise environments. Easy to Insert: Requires less pressure to roll down. Slow recovery rate gives you plenty of time to correctly insert in ear canal. Easy to See: Distinct warning orange color makes compliance checks easy. Softer: You can feel that FirmFit is softer when you hold it. Less Pressure: FirmFit exerts less expansion pressure on the ear canal. Material: PVC

STORAGE INFORMATION

All earplugs should be stored before and between usages in a way that protects them from dirt, grease, and other contaminants.

CARE INSTRUCTIONS

Inspect – Inspect prior to fitting, examine your earplugs for dirt, damage or extreme hardness—discard immediately if compromised.

Discard – For proper hygiene, discard disposable earplugs after use.

Hygiene – To maintain hygiene standards, disposable earplugs should be discarded at the end of every shift.

TECHNICAL DESCRIPTION

SNR (DB)	30	Size	Fits All
H (DB)	31	Color	Orange
M (DB)	27	Shape/ Corded	Cylinder/No
L (DB)	26	Weight (G)	0.70

ATTENUATION DATA ACCORDING TO EN 352-2: 2020

Frequency (Hz)	63	125	250	500	1000	2000	4000	8000
Mean Attenuation (dB)	18.9	24.5	26.3	28.3	29.1	33.1	41.6	40.4
Standard Deviation (dB)	3.8	2.6	1.9	3.0	3.7	2.9	2.7	3.7
Assumed Protection (dB)	15.1	21.9	24.4	25.3	25.4	30.2	38.9	36.7

CERTIFICATIONS

EU Category PPE	3
Quality Assurance	ISO 9001 / 2000
EU Certification	2777/12541-02/E00-00
